

Celebrate Together

EVEN FROM AFAR

Plans change, hearts don't. Celebrate your wedding day with guests even if they are far away with *We Do* - your partner in creating your dream Virtual Wedding Ceremony and Reception by Crimson Hotels and Resorts, Quest Hotels and Timberland Highlands Resort.

Virtually stream your vows and wedding ceremony while you celebrate at the reception. Guests will feel like they are part of your celebration as they open a curated reception box from you, and toast to forever.

We Do Virtual Wedding Packages

Virtual Weddings

Your guests can be part of your intimate celebration and witness your special moment via live streaming.

Curated by You

Guests may take part of the virtual ceremony and have a taste of your special feast. The couple can send guests curated reception boxes so they can partake of the gastronomic delights with you.

Toast to You

When it's time to kiss, let them toast with you as the celebration boxes come with an individual-sized wine to seal the deal.

Wherever your wedding destination may be, make sure your guests are right with you as they watch your virtual ceremony and indulge in your chosen menu.
